Canis Lupus Society of Skill Based Education

NOW
TO ACQUIRE SOMETHING

THE FUTURE OF PHARMACY

INNOVATION, PATIENT SAFETY & EMERGING HEALTHCARE OPPORTUNITIES

On the occasion of Pharmacy Week

CLSSBE and Alleviatenow presents

Expert Seminar on: The Future of Pharmacy: Innovation, Patient Safety and Emerging Healthcare Opportunities

AND

National PPT Presentation Challenge on :

Pharmaceutical Innovation | Pharmacovigilance | Antimicrobial Resistance | Herbal Drug Discovery | Clinical Pharmacy | Digital Healthcare

Organised by the

Office of CEO, CLSSBE

Mode: Online

Dr. Smrutiranjan Dash

Assistant Professor / Faculty of Pharmacy, Kalinga University, Naya Raipur

Dr. Smrutiranjan Dash is a dedicated pharmaceutical researcher and academician specializing in Pharmacology. With a Ph.D. and an M.Pharm, he has guided nearly 60 graduate and postgraduate candidates. His core expertise spans network pharmacology, molecular docking, phytochemical analysis, and AI-driven drug discovery workflows. A prolific researcher, Dr. Dash has authored over 50 international journal publications, holds 6 patents, and has published a textbook in pharmaceutical engineering.

Academician | Pharmacologist | Researcher

EDUCATION

Dr. SmrutiranjanDash holds a Doctor of Philosophy (Ph.D.) in Pharmaceutical Sciences from Bhagwant University, Ajmer, reflecting his advanced training in pharmacology and rigorous scientific investigation.

He completed both his Master of Pharmacy (M.Pharm) in Pharmacology and Bachelor of Pharmacy (B.Pharm) under Biju Patnaik University of Technology (BPUT), Odisha, following a foundational Diploma in Pharmacy (D.Pharm) from The Pharmaceutical College, Barpali.

Dr. L. Srikanth

Professor / Faculty of Pharmacy,
Kalinga University, Naya Raipur

Dr. L. Srikanth is a seasoned academic leader and Professor of Pharmacy at Kalinga University, bringing nearly two decades of experience across teaching, research, and institutional administration as a former Principal. Specializing in pharmaceutical chemistry and advanced analysis, he has guided 120 undergraduate and postgraduate research projects. A prolific scholar, Dr. Srikanth has authored over 35 research articles, published a textbook, and holds a patent in anti-tubercular drug design

Academic Administrator | Pharmaceutical Chemist | Researcher

EDUCATION

Dr. L. Srikanth holds a distinguished academic record featuring a dual doctorate, having earned a Ph.D. in Pharmacy from Career Point University, Kota, and a Ph.D. in Biotechnology from Acharya Nagarjuna University, Guntur.

He completed his Master of Pharmacy (M.Pharm) in Pharmaceutical Chemistry and his Bachelor of Pharmacy (B.Pharm) from Krupanidhi College of Pharmacy, Bangalore. In addition to his formal degrees, he holds professional certifications in clinical research, pharmacovigilance, medical writing, clinical data management, and regulatory affairs.

EVENT DETAILS

EXPERT SEMINAR

Seminar Title: The Future of Pharmacy: Innovation, Patient Safety and Emerging Healthcare Opportunities

Key Discussion Areas:

- Emerging Trends in Pharmaceutical Research and Drug Discovery
- Antimicrobial Resistance (AMR): Challenges and Emerging Approaches
- Artificial Intelligence in Pharmacy and Healthcare
- Career Opportunities in Pharmaceutical Research, Clinical Research and Drug Safety

NATIONAL PPT PRESENTATION CHALLENGE

Presentation Topics:

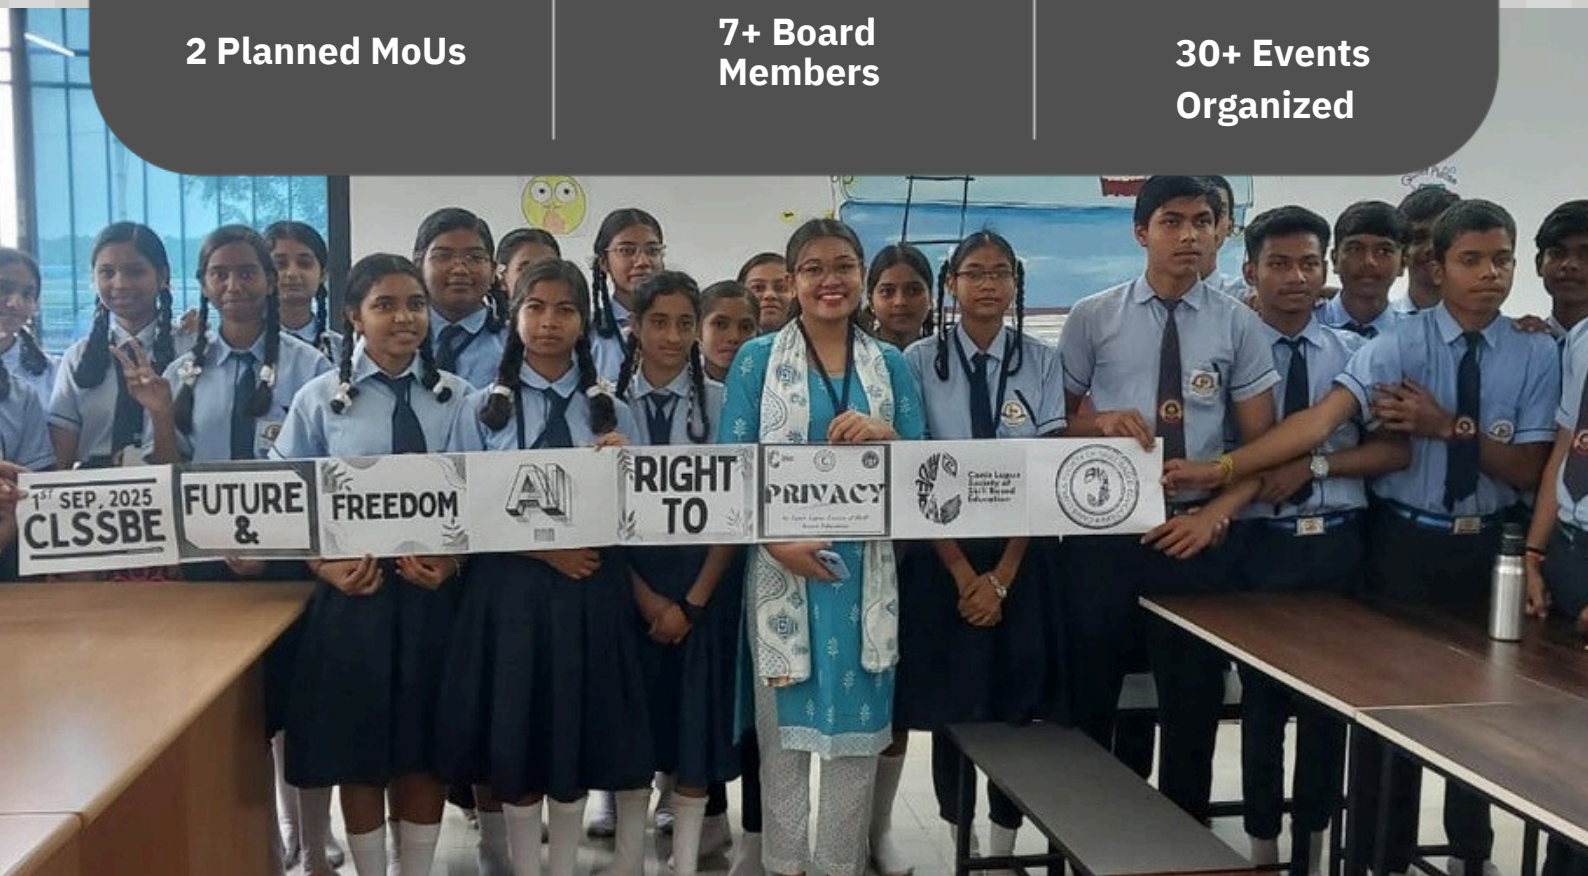

- Pharmaceutical Innovation and Drug Discovery
- Pharmacovigilance and Patient Safety
- Antimicrobial Resistance
- Herbal Medicine and Natural Product Drug Discovery
- Clinical Pharmacy and Patient Care
- Artificial Intelligence and Digital Healthcare
- Pharmaceutical Biotechnology

NOTICE: Additional certificates will be given to the 1st, 2nd, and 3rd position holders of the ppt presentation competition

About Canis Lupus Society of Skill Based Education

Canis Lupus Society of Skill-Based Education, founded in recent years, registered under Madhya Pradesh Society Registrikaran Adhiniyam, 1973, is committed to empowering students and young learners by providing them with skill-based education and holistic development opportunities. The Society operates through multiple initiatives and outreach programs, combining online and offline platforms to ensure accessibility and inclusivity for students across India. The Society has been recognized for its innovative approach to education. Functioning in 2 states, with over 1 Lakh reach of students through various platforms like Internshala, Instagram, etc. CLSSBE is a great platform to make the change.

2 Lakh + Students reached	**International students as members from 4+ Countries**	**25+ courses introduced**
400+ certificate distributed	**61 Interns taken**	**12 + Ongoing Research**
5 Patents planning	**20+ Sponsors recieved**	**3 Advisory Members**
2 Planned MoUs	**7+ Board Members**	**30+ Events Organized**

About the goal

Our goal is to encourage meaningful participation in pharmaceutical innovation by bringing students and experts together through two key initiatives. The Expert Seminar will provide valuable insights into emerging healthcare trends, advancements in drug discovery, patient safety, and evolving career opportunities, helping participants connect academic knowledge with professional perspectives. Equally, the National PPT Presentation Challenge will offer students a platform to showcase their research ideas, scientific creativity, and innovative healthcare solutions before a wider academic audience. By combining expert knowledge with student-driven innovation, we aim to nurture research interest, strengthen scientific communication, and inspire future pharmacy professionals to contribute towards advancing healthcare.

About the Office of the CEO

The Office of the Chief Executive Officer (CEO) of Canis Lupus of Society (CLSSBE) is responsible for the overall leadership, strategic planning, and administration of the organisation. The CEO oversees organisational activities, coordinates departmental operations, establishes collaborations with academic and research institutions, and promotes initiatives in education, scientific research, and innovation. The office also guides organisational development, manages key projects, and represents CLSSBE at professional and academic platforms to achieve its long-term vision and objectives.

About the Topic

This programme offers an engaging exploration of the evolving landscape of pharmacy and healthcare, providing participants with insights into emerging innovations, research advancements, and the growing importance of patient safety in modern healthcare. It highlights the transformation of pharmaceutical sciences through scientific discoveries, technological developments, and evidence-based practices, demonstrating how pharmacy extends beyond traditional medication dispensing towards research, innovation, and improved patient care. The expert seminar will explore emerging trends in drug discovery, pharmacovigilance, medication safety, and the integration of artificial intelligence in pharmacy and healthcare. It will also introduce participants to diverse career opportunities in pharmaceutical research, clinical research, and drug safety. Alongside the seminar, the National PPT Presentation Challenge will encourage students to showcase innovative research ideas, scientific projects, and practical healthcare solutions across areas such as pharmaceutical innovation, antimicrobial resistance, herbal drug discovery, clinical pharmacy, and digital healthcare. Through expert insights and student-led scientific discussions, this programme aims to promote research aptitude, critical thinking, innovation, and professional development, inspiring future pharmacy professionals to contribute towards a safer, smarter, and healthier India.

IMPORTANT DATES

Seminar date - 15th November, 2026 - 03:00 PM

PPT Presentation Challenge -15th November, 2026 - 4:00 PM

Last Date of Registration- 14th November, 2026

PERKS

Webinar free of cost.

E- certificate (Issued post webinar task completion).
